GENERAL INFORMATION

HISTORY OF THE COLLEGE

Towson State College, the oldest and largest of Maryland's public colleges, traces its history back to 1865 when the General Assembly of Maryland established a state-wide public school system. The first state teacher training institution was the Maryland State Normal School which in 1935 became the State Teachers College at Towson. In 1963 the name Towson State College was adopted.

Formally opened in Baltimore on January 15, 1866, the Normal School was, for many years, the only institution devoted exclusively to the preparation of teachers for the public schools of Maryland.

The School occupied three different locations in the City of Baltimore before moving to its present suburban location in 1915.

In 1946 the arts and sciences program was introduced at Towson. Beginning as a two-year transfer program, it was extended to a four-year, degree-granting program in 1960.

In 1963 the College was authorized, by action of the Legislature, to expand its offerings in the arts and sciences while maintaining a strong program in teacher education and to change its name from State Teachers College at Towson to Towson State College.

In 1966 the College completed 100 years of service to the State, having graduated more than 12,000 students during its first century.

DEVELOPMENT OF GRADUATE STUDIES

Graduate Studies at Towson State College began in June 1958 with the establishment of a Master of Education degree program in Elementary Education. This was initiated after two years of preliminary study and recommendations from teachers and school administrators.

Sixty-seven students were admitted to the degree program in the first session of 1958, and the number of students has increased to the more than 7500 enrolled in November 1975. Towson State College offers twelve programs leading to the Master's degree. A number of other programs are in various stages of planning and approval. The programs presently offered and the dates of approval by the Board of Trustees are as follows:

Master of Arts

General Studies	1974
Geography	1970
Psychology	1974

Master of Education

Art Education	1965
Early Childhood Education	1968
Elementary Education	1958
Music Education	1969
Reading	1969
Secondary Education	1965

Master of Science

Audio Visual Communications	1971
Biology	1970
Speech Pathology and Audiology	1972

THE CAMPUS

The College is situated on a campus of nearly 300 acres located a mile and one-half beyond the northern border of the city of Baltimore.

Within an eight-mile radius of the campus are all the cultural advantages of the city of Baltimore — The Peabody Conservatory of Music and Library, the Enoch Pratt Free Library, the Walters Art Gallery, the Baltimore Museum of Art, and the many theaters and other cultural centers necessary for a well-rounded college experience.

Campus buildings and facilities give excellent support to the various College programs. The following are of particular interest to graduate students:

1. Stephens Hall, one of the original campus buildings, houses the departments of Mathematics and Psychology. This building with its clock tower has become a landmark in the Baltimore area.
2. The Albert S. Cook Library has well-developed holdings in the arts and sciences and teacher education. Towson's long history of teacher education is reflected in the extensive collections of bound volumes, reference works and periodicals in this field, as well as substantial holdings in microfilm and microcard. The collections of curriculum materials, textbooks, trade books and audio-visual aids are particularly noteworthy.
3. Van Bokkelen Hall is a classroom building for the department of Communication Arts and Sciences. In addition, it contains recording and listening rooms for this department.
4. Linthicum Hall, completed in 1967, is the largest classroom building on campus. Many faculty offices are also located here.
5. Smith Science Hall was first occupied in the fall of 1965. Included in the building are biology, chemistry, physics and science education offices, classrooms, laboratories and special function rooms such as student and faculty work and preparation areas. The Watson-King Planetarium is on the top floor. A large addition to the building has been completed recently.
6. Lida Lee Tall Learning Resources Center greatly facilitates field studies of children from nursery school through grade six.
7. Burdick Hall, the gymnasium, and additional athletic fields were completed in the 1967-1968 college year. A new gymnasium is under construction.
8. The College Center, a three-story building opened in the fall of 1971, provides cultural and recreational activities for the entire campus. Located in the new center are the post office, book store, box office, dining areas for private and banquet size groups, bowling alleys and a billiard room.
9. The Administration Building, a three-story structure at the corner of Osler and Towsontown Boulevard, opened in 1972. It contains the principal administration offices and some faculty offices. The Graduate Division Offices are located on the main level, west end.
10. The Fine Arts Building opened in May, 1973, houses the art, music and theatre arts departments as well as public performances areas, art galleries, studios, laboratories and offices.
11. Glen Esk, formerly the president's home, is now occupied by Counseling and Psychological Services.

ACCREDITATION

Towson State College is accredited by the Middle States Association of Colleges and Secondary Schools, the Maryland State Board of Education and the National Council for the Accreditation of Teacher Education. The College is a member of the American Council on Education and is approved by the American Association of University Women.

BOARD OF TRUSTEES

The College is governed by a nine-member Board of Trustees — eight members appointed by the Governor for nine-year terms—and the State Superintendent of Schools, a permanent member, *ex officio*.

Created by the General Assembly of 1963, the Board was a recommendation of the Commission for the Expansion of Public Higher Education in Maryland and replaced the State Board of Education as the College's controlling agency.

GRADUATE STUDIES COMMITTEE

The Graduate Studies Committee determines policy for all graduate programs. Graduate curriculum matters are also the responsibility of the Committee. The membership is comprised of the Dean of Graduate Studies and the Chief Academic Officer, both of whom serve in *ex officio*, non-voting capacities, and six members of the faculty appointed by the President of the College for overlapping terms of three years. The Chairman and Secretary of the Graduate Studies Committee are elected from the membership of the Committee. Meetings are held monthly during the academic year and at other times when necessary.

GRADUATE STUDIES COORDINATORS

The Graduate Studies Coordinators is a group comprised of the coordinators of each graduate program and the Associate Director of Graduate Studies. This group administers all graduate work within the policies set by the Graduate Studies Committee.

ADVISEMENT

Graduate student advisement is the responsibility of the Dean and Associate Director of Graduate Studies, the Graduate Studies Coordinators and faculty members serving on the Graduate Staff. Students are encouraged to seek an appointment with one of the advisory staff. All conferences with advisers should be arranged by appointment and well in advance of Registration dates.

GRADUATE SCHOOL OFFICE HOURS

The Graduate School Office is open each weekday (except for scheduled holidays) from 8:30 a.m. to 5:00 p.m. The office is also open Monday through Thursday evenings until 7:00 p.m. During Registration, the Office is open in the evening according to the Registration schedule. Students may arrange for appointments with the Graduate School Staff at other hours. The Graduate School telephone number is 321-2500.

FINANCIAL AID

The Graduate Division at Towson State College offers a limited number of Graduate Assistantships each year to qualified students recommended by the appropriate department. The stipend for the Graduate Assistantship is \$2,500.00 plus remission of tuition fees. The student is required to provide appropriate work for the academic department each week during the semesters in which the Assistantship is in effect. Application forms for the Assistantship may be obtained in the Graduate Office. Detailed information may be obtained by writing to the Dean of Graduate Studies.

Financial aid is also available to post-baccalaureate students from State and Federal Programs. Information on the following programs may be obtained from the Financial Aid Office.

FEDERAL AID PROGRAMS

The National Direct Student Loan Program (Formerly National Defense Student Loan) NDSL makes up to \$5,000 in four years available on a loan basis to undergraduate students and \$10,000 aggregate for graduate students who have proven financial need. There is no interest charge on this loan as long as the student continues in at least half-time status, but there is interest of 3% beginning nine months after the student leaves school. The recipient may have up to ten years to repay the loan following his or her departure from school. Special education teachers and teachers teaching in economically and culturally deprived areas may receive up to 100% cancellation. The money cannot be received until the student is registered for the semester for which the loan is granted.

The College Work-Study Program (CWS) makes jobs available to students with exceptional financial need. These jobs are usually assigned as part of the "Financial Aid Package". If at all possible, students are placed in positions that are related to their academic major or special interest. A student employed 10-15 hours per week for both semesters may expect to earn \$350-\$500 for the school year. Because of the nature of many work-study jobs, some students may be able to earn more in these positions.

To apply for the above Federal aid programs, students must file the **Graduate and Professional School Financial Aid Service (GAPSFAS)** application with instructions that a copy be sent to the Towson State College Financial Aid Office. The GAPSFAS application fee is \$4.00 (subject to change) and can be obtained from the above service at Box 2614, Princeton, New Jersey 08540 or from the Towson State College Financial Aid Office. In addition, a **TSC College Supplement Form A** (yellow) - Partial Application for Financial Aid may be obtained from and filed directly with the TSC Financial Aid Office. All forms must reach the Financial Aid Office no later than April 1, 1976 for first consideration. (Please allow 4-5 weeks for processing the GAPSFAS application by the G.&P. Financial Aid Service in meeting the April 1 deadline.) Applications received after April 1 are considered on a remaining funds basis only.

STUDENT PERSONNEL PROGRAM

Graduate students are welcome to use the facilities and services of the Student Personnel Program. Students are also invited to avail themselves of the many programs presented by the Public Programs Committee of the College.

COLLEGE CENTER

The College Center is located near the Fine Arts Building and Burdick Hall. The College Center in cooperation with the academic departments provides a program of activities in which graduate students are encouraged to participate. These activities are publicized in the weekly calendar of activities, circulated to the departments and posted in the College Center.

The College Center is open Monday through Thursday evenings until 11 p.m., on Friday and Saturday until midnight and on Sunday evenings until 9 p.m. Included in the facility are eight bowling alleys, a T.V. lounge, a snack bar, a music listening room, 16 billiard tables, and showers and lockers for commuting students. The facility also includes the College Book Store, a large cafeteria, a meditation room, a central lounge, an art gallery and a special dining room. Facilities are available for all types of conferences and meetings. The Food Service area includes catering for any type of event from coffee and donuts to a gourmet dinner. Organizational offices and meeting spaces are included in the College Center. Graduate students are encouraged to use the facilities.

BOOK STORE

The Book Store is located in the College Center. Classroom supplies, phonograph records, hard-back and paper-back books, gifts, magazines, as well as sundry personal items are stocked.

TICKET BOX OFFICE

The Ticket Box Office located in the College Center provides a discount ticket service for most of the local dinner theaters and movie theaters and other community activities. The office also handles all tickets necessary for our campus events. The Ticket Box Office is located on the main level of the College Center. The manager's telephone number is 321-2244.

HEALTH CENTER

The Anita Dowell Health Center is located northeast of Linthicum Hall. It is open week days until 9 p.m. and thereafter for emergencies. First aid is administered and appropriate referrals are made. All accidents on campus should be reported to the Health Center immediately. A mental health service is available for students seeking psychiatric help.

STATE LOAN PROGRAMS

The Guaranteed Loan Program as operated in most states provides up to \$1500 per year for graduate students. If the applicant can demonstrate financial need (through the Financial Aid Application procedure) the Federal Government will pay the 7% interest on these loans as long as the student is in school and for nine months after graduation or leaving school (regardless of reason for departure). If the applicant cannot demonstrate need, he may still qualify for the loan but not the Federal Interest Subsidy. Applications to Maryland residents may be received from and must be processed by the Financial Aid Office before final arrangements for the loans are made with the bank. Out-of-state students may obtain applications from their local banks.

RESIDENCE ON AND OFF CAMPUS

Provision is made to house a few graduate students on campus. Interested students should communicate with the Director of Residence, Health Center. The Housing Office in the Health Center provides listings of off-campus accommodations. Arrangements for conferences should be made in advance by telephone.

GENERAL COUNSELING

Services of trained counselors in the Counseling Center are available to students who feel themselves to be in need of assistance in making personal, educational or career decisions. In a confidential and accepting climate, the student is afforded the opportunity to gain deeper insight into his needs and goals.

In addition to individual counseling, the center offers a program of group counseling, limited testing facilities, and extensive vocational and educational information.

The center staff participates in student and faculty activities which are concerned with the mental health of the college community.

PARKING

The operation and possession of motor vehicles in the Towson community and the use of campus parking facilities are privileges extended to all college personnel (faculty, staff, and students). These privileges carry with them the obligation to observe all regulations.

The map on the cover of this bulletin designates the parking areas for faculty, staff, and students. Student parking permits are \$4.00 each and may be obtained when other registration fees are paid.

ACADEMIC REGULATIONS GOVERNING GRADUATE AND POST-BACCALAUREATE STUDY

GENERAL ADMISSIONS POLICY

Admission to the Graduate Division at Towson State College is granted to all applicants whose academic and personal qualifications give promise of success in graduate study. The Board of Trustees of the State Colleges has established the requirement that admission to the State Colleges shall be determined without regard to race, color, religion, or sex.

All students seeking admission to a graduate degree program must file an "Application for Admission to Graduate Studies" prior to first enrollment and have official transcripts of all college work sent to the Graduate Division. Transcripts must be sent directly from the institutions attended to the Graduate Office at Towson State College. Programs have the option of requiring additional admissions devices (including letters of recommendation, the Graduate Record Examination, Aptitude and/or Advanced Tests and the Miller Analogies).

ADMISSION TO COURSES FOR GRADUATE CREDIT

An applicant for admission to courses for graduate credit (classification: Graduate Student) must meet admission requirements in one of two ways: 1) By holding a Master's or Doctor's degree from a regionally accredited college or university, 2) By holding a Bachelor's degree from a regionally accredited college or university with a grade average of 3.00 ("B") and satisfactory attainment on all additional admissions devices required by the program. At the option of the coordinator and the Department Graduate Committee the grade average requirement may be satisfied by a 3.00 cumulative average, by a 3.00 average in the most recent 60 credits on the undergraduate academic record, or by a 3.00 average in the courses making up the undergraduate major and minor if the student plans to continue his studies in these same fields. The quality of graduate work taken beyond the Bachelor's degree, either as post-baccalaureate (non-graduate credit) courses or graduate credit courses, will be evaluated as part of the undergraduate record.

Students denied admission because of a low academic average (2.0-2.29) may register for courses as a non-degree student, and may take courses at the 300 and 400 levels in order to raise the cumulative average to a 2.3. At such time the student may again apply for admission. A student with a cumulative average between 2.0-2.29 may also become eligible for Conditional Admission by attaining a score of 1000 or higher on the Aptitude portion of the Graduate Record Examination.

All required application credentials (see General Admissions Policy) must be filed with the Dean of Graduate Studies no later than July 15 for the Fall Semester, November 15 for the Spring Semester, or March 15 for the Summer Session to be considered for admission. Those who are admitted as Graduate Students may register for courses numbered 100-699, but will receive graduate credit only in graduate level courses numbered 300-699 completed with grades of "C" or better. Some 300-level and 400-level courses do not carry graduate credit and are not listed in the Graduate Bulletin. In order to maintain the classification of Graduate Student, a good academic record must be achieved even if the student is not in a degree program.

CONDITIONAL ADMISSION

Conditional Admission may be granted to those students whose academic achievement falls short of the standards required for Graduate Student standing, if one of the following requirements is met:

- 1) Academic average in collegiate work—at least 2.30 in one or more of the areas of the student's record listed above in "ADMISSION TO COURSES FOR GRADUATE CREDIT"
- 2) Academic average in collegiate work—at least 2.000 in one or more of the areas of the student's record listed above in "ADMISSION TO COURSES FOR GRADUATE CREDIT"—and a score of 1000 or higher on the Aptitude portion of the Graduate Record Examination.

The student granted Conditional Admission must complete two specified courses with the grade of "B" or better in each course. The courses must be completed within one year of admission and may be used towards the degree when applicable. In programs where conditional admission courses are to be selected from assigned alternatives the first two courses attempted will constitute the Conditional Admission program.

Students admitted conditionally are enrolled as Non-Graduate Students.

GRADUATE WORK BY SENIORS AT TOWSON STATE COLLEGE

Seniors in their last semester of work at Towson State College may register for a maximum of six credit hours in the Graduate School if they meet the following requirements: 1) The graduate courses must be in excess of the credits required for the Bachelor's degree, 2) A letter sent from the student to the Dean of Graduate Studies requesting Graduate Student classification (which requires a 3.00 average), submitted in advance for specific graduate courses (by July 15 for the Fall Semester, November 15 for the Spring Semester, and March 15 for the Summer Session) must be approved. 3) All required application credentials must be submitted (see General Admissions Policy) and the student must be granted Graduate Student Standing prior to receipt of graduate credit for satisfactory completion of the courses, and prior to initiation of further course work.

NON-DEGREE STUDENTS

Students who do not meet the standards required for classification as Graduate Student are permitted to register with the classification of Non-Graduate Student and pursue non-degree programs. Those students receiving Non-Graduate standing are eligible to take courses at the 100-level through the 400-level, but receive graduate credit only in courses numbered 300-499 and listed in the current bulletin as "Undergraduate and Graduate".

Non-Graduate Students pursuing non-degree programs at the post-baccalaureate level, however, must file the appropriate application.

Students who believe they can meet the admission requirements for Graduate Student standing but who fail to file the required application credentials in advance must register as Non-Graduate for the semester. However, they will be considered for admission to Graduate Student standing if their application credentials are received by the college before the end of the first quarter of the semester. If they are admitted to Graduate Student standing they will then be permitted to receive degree credit for satisfactory completion of any 300-level and 400-level graduate courses provided the courses are applicable to the degree program.

CANDIDATES FOR DEGREES AT OTHER INSTITUTIONS

A student who is a candidate for an advanced degree at another college or university may enroll as a Graduate Student at this college for occasional work. He/she must present, at least two weeks before registration, a letter from the Graduate Dean of his parent institution indicating that he/she is in good standing and that credit earned at Towson State College is acceptable toward his degree.

ADMISSION PRIOR TO RECEIVING BACCALAUREATE DEGREE

Admission may be granted to applicants whose required application credentials are incomplete because the baccalaureate degree has not yet been conferred if they are seniors in their last semester of work. Evaluation will be made on the basis of their undergraduate work through the first semester of the senior year. Standing granted in the pre-degree category is made at the option of the Graduate Program Coordinator to enable the student to begin work in courses carrying graduate credit immediately upon completion of the senior year. The applicant must have all application credentials completed during the first month after classes begin in the semester he initiates his course work. Admission standing is subject to cancellation or change if the admission credentials remain incomplete or do not meet the requirements for admission. If admission as a Graduate Student is denied, the student will be required to withdraw from any 500-level or 600-level courses for which he has registered. Continuation of students in courses below the 500-level will be permitted.

FOREIGN APPLICANTS

Admission should be sought at least six months prior to the date of anticipated enrollment. All required admission credentials must be received in the Graduate Office prior to evaluation for admission.

Credentials required are:

1. An Application for Admission to Graduate Studies.
2. Official or certified true copies of all grade reports, diplomas, and academic records attesting to the completion of undergraduate work.
3. A letter from the student stating plans for attending, and reasons for selecting, Towson State College.
4. A financial summary stating amount and sources of support for the proposed duration of study.
5. Acceptable scores on the Test of English as a Foreign Language (TOEFL). Information about the TOEFL may be obtained from TOEFL, Educational Testing Service, Princeton, New Jersey 08540.

GRADING SYSTEM

A four -point system is used to identify quality of academic work. The letter "A" designates work of superior quality; "B" work of good quality; "C", work of satisfactory quality; "D", work of less than satisfactory quality and not allowable for degree credit; "NC", work of such unsatisfactory quality that no credit is given. Post-baccalaureate students may not elect to take any course offered as available for "graduate" credit under the Pass Option policy.

A mark of "I", (incomplete because of illness or other reason beyond control of student) at the end of semester, carries no credit. Unless such a course is satisfactorily completed within six months of the last day of class for the course, the grade for the course becomes "NC". It is the responsibility of the student to make arrangements to complete course requirements for removal of the "I".

In computation of grade point averages, the following quality point values are used:

A-4 quality points	C-2 quality points
B-3 quality points	D-1 quality point

Students may repeat any course only once where credit has been earned or a mark of "NC" has been awarded. When the course is repeated, the student will receive the credits for the course counted once and the higher of the two grades. Upon completion of the repeated course, a Change of Grade form must be submitted to the Registrar by the student. The lower of the marks earned is not retained on the student's permanent record.

REQUIREMENTS FOR THE MASTER'S DEGREE

1. Satisfactory completion of all undergraduate requirements listed as pre-requisites for the degree.
2. The filing of a Program of Study with the Dean of Graduate Studies.
3. Advancement to Degree Candidacy.
4. A 3.00 average in all graduate work at this college.
5. Satisfactory completion of the Comprehensive Examination if required by the program in which the degree is earned.
6. Satisfactory completion of the Thesis and oral examination if the Thesis Option is selected.
7. The filing of the Diploma Card in the Graduate Division.

TIME LIMITATION

All requirements for the Master's degree are to be completed within a seven-year period. The scheduled time is determined from the date of the first course in the degree program at this college, or the date of any course allowed as transfer credits, whichever is earlier.

CONTINUOUS ENROLLMENT

Each student is expected to register for courses on a regular basis. Should there be a lapse of two academic years without courses being taken, the student's records will be inactivated. Once a student has become "Inactive", it is necessary to be reactivated under current policies.

PROGRAM OF STUDY

A Program of Study should be planned within the semester that the student is granted Graduate Student standing. The Program is to be completed in consultation with an adviser, and must be drawn up on forms provided by the appropriate graduate coordinator. Revision of the Program of Study may be accomplished only with the adviser's approval. The Program must be planned prior to Advancement to Degree Candidacy. Any courses taken prior to the planning of the Program of Study are subject to the approval of the appropriate graduate coordinator.

ADVANCEMENT TO DEGREE CANDIDACY

All students in programs leading to the Master's degree must attain Advancement to Degree Candidacy. An application for Advancement to Degree Candidacy may be made by Graduate Students after nine hours of graduate courses have been completed. The following requirements govern eligibility for Advancement to Degree Candidacy:

1. Six credits in 500-level and 600-level courses.
2. A 3.00 average in all graduate work at this college.
3. Successful completion of the Advancement to Degree Candidacy Examination.
4. The filing of a Program of Study with the Dean of Graduate Studies.
5. Completion of all undergraduate requirements.

All students are urged to meet the requirements of and to make application for Advancement to Degree Candidacy within the nine to fifteen hour framework. Advancement to Degree Candidacy must be attained at least one semester prior to the semester in which the student desires graduation.

ADVANCEMENT TO DEGREE CANDIDACY EXAMINATION

Each student must successfully pass a written examination prior to Advancement to Degree Candidacy. In certain programs the examination may also include an oral portion to be administered subsequent to passing the written part. Application for the examination must be made prior to the date established as the deadline for applying as stated in the calendar at the front of this bulletin. Should the student not take the examination or have to repeat it, the application must again be submitted during the semester in which the examination is desired.

In the program leading to the Master's degree in Biology, the examination requirement may be satisfied by completing 14.581, "Recent Advances in Biology," with the grade of "B" or higher. The programs in Early Childhood Education, Elementary Education, and Secondary Education allow satisfaction of the examination requirement by completing 29.501, "Educational Ideas in Historical Perspective" with the grade of "B" or higher. The written Advancement to Degree Candidacy Examination is required in all cases where the grade of "A" or "B" is not attained when the course is first taken. In the program leading to the Master's degree in General Studies, the examination requirement may be satisfied by completing 33.501, "The Introductory Seminar in General Studies," with the grade of "B" or higher. The student who receives less than a "B" grade is required to remedy major deficiencies revealed by the course. Remediation may be in the form of additional course work, including Independent Study. When the student satisfactorily fulfills the requirements of the remediation plan, the requirements for Advancement are considered completed.

COMPREHENSIVE EXAMINATION

It is the option of each program to require a final comprehensive examination. The final comprehensive examination may not be taken earlier than the term during which the student will complete his course work. The examination may be repeated only once. Application for the examination must be made prior to the date established as the deadline for applying as stated in the calendar at the front of this bulletin. Should the student not take the examination or have to repeat it, an application must again be submitted during the semester in which the examination is desired.

ACADEMIC PROBATION

In order to remain in good standing, candidates for the Master's degree must maintain a 3.00 average. If the cumulative average falls below 3.00, the student will be placed on probation. If after completing nine more hours of work, his cumulative average remains below 3.00, he will be dropped from candidacy; otherwise, he will be restored to good standing. Course Descriptions

Course descriptions for all 500-level and 600-level courses offered by the College are listed in this section of the Bulletin. Course titles for 300-level and 400-level courses that carry graduate credit are also listed in this section of the bulletin. Course descriptions for 300-level and 400-level courses may be found in the 1976/77 Towson State College Bulletin.

Courses offered in any session are selected from the courses listed. Students should consult the course schedules issued by the Registrar's Office and the Evening and Summer School Office to determine the courses offered in particular session.

Each department of the College has one or more code numbers and abbreviations for each general subject area (e.g., French in the Modern Language Department). The code abbreviations are shown in parentheses at the head of the course listings. The code numbers form a two digit Subject Classification Number, which precedes a three digit course Classification Number, forming a five digit Course Number. Each course has a distinctive number.

Semesters of a year course whose numbers are separated by a hyphen are to be taken in sequence. When course numbers are separated by a comma, either semester may be taken independently of the other. Old course numbers appear in parentheses.
